### **FOR IMMEDIATE RELEASE**

\*S. Long Lake Road/W. Long Lake Road Intersection reconstruction starts Monday, July 22<sup>nd</sup>.

This project will include modifying the vertical curve at the S. Long Lake Rd/ W. Long Lake Rd intersection, crushing and shaping W. Long Lake Rd from S. Long Lake Rd to north of Lakewood Dr, culvert replacements, guardrail upgrades and pavement markings.

The first portion of the project will begin on 7/22/2024 and will include replacing culverts on W. Long Lake Rd. During this time W. Long Lake Rd will be closed to thru traffic. The detour for this work will utilize Secor Rd, E Long Lake Rd and N. Long Lake Rd.

On 7/29/24 the next stage of the project will begin. This portion of the project will include the hill cut at the S. Long Lake Rd/W. Long Lake Rd intersection. To maintain traffic during this stage the contractor will close S. Long Lake Rd from the intersection at W. Long Lake Rd to the east. The detour will utilize W. Long Lake Rd, N. Long Lake Rd, East Long Lake Rd and Secor Rd. There will be times when traffic will be maintained on a gravel surface.

Once the hill cut has been completed W. Long Lake Rd will be closed to allow the crushing and shaping of the existing paved surface and placement of the new asphalt surface the detour will utilize N. Long Lake Rd, E. Long Lake Rd, and Secor Rd.

All work is expected to be completed by 8/30/2024.
